Hi Mr. Nixon,

I really appreciate the extension. I also received your mail for the original copy.
Our legal is working on the responses and we will send them over to you upon the completion prior to the deadline.
Thanks.

Subject: Cedar Chemical 104e Request - Chevron

Hi Mr. Nixon,

I got your message and am sending this as an extension request on our response to the subject Cedar Chemical 104e request.

We have received the Cedar Chemical 104e request on 1/29/13 with some mail service delays between Houston and San Ramon. We have started our information research on the subject project site and will prepare our responses to the request as soon as possible.

If you could extend our response due date as 2/28/13, that would be great. Please advise on if the response by 2/28/13 would work on this matter.

If you have any questions, please feel free to call me.

Thanks.

Julie E. Lee
